## The Summer Escape You've Been Waiting For

*Uncover a season of wild beauty and barefoot luxury across Soneva's island sanctuaries in the Maldives*

**June 20, 2025.** Let time slow and wonder rise with unforgettable Maldivian escapes this summer, crafted for families, friends and soul seekers alike. From the white sand shores of Soneva Fushi and Soneva Jani to the serenity of the Maldives' most exclusive address, Soneva Secret, this is the [summer escape](#) you've been waiting for.

At [Soneva Fushi](#) in the Baa Atoll UNESCO Biosphere Reserve, sun-dappled adventures await – from snorkelling with manta rays and jungle trails to open-air feasts and villa stays steps from the sand. Spacious, secluded and perfect for families, it's a place where barefoot freedom reigns.

Overwater at [Soneva Jani](#) in the Noonu Atoll, the rhythm slows. Lagoon sunrises, paddleboard yoga, dining beneath the stars and wellness journeys at Soneva Soul invite you to reconnect and reset in ocean-cooled tranquillity.

And for those in search of something truly rare, [Soneva Secret](#) offers unrivalled privacy in the last untouched corner of the Maldives. From private shipwreck snorkelling to storytelling under the stars, every experience here is entirely bespoke and infused with intimacy, making it the ultimate bucket-list retreat.

This summer's [Soneva Stars](#) calendar features a curated line-up of visiting experts and icons. Ride the waves with legendary surfer Luke Stedman, unlock mind-body healing with celebrated wellness specialist Roger Moore or savour island feasts by Michelin-starred chef Alberto Faccani. The line-up also includes holistic wellbeing specialist Angela Holderness, naturopath Dr Lulu Shimek, astrophysicist Dr James Gilbert, football freestyler Igor Oleynik and culinary master Dietmar Sawyere.

Soneva's [Summer Offer](#) makes it easier than ever to linger longer in luxury: reserve four nights and pay for three, or stay seven nights and pay for five. Guests also enjoy daily half board dining, complimentary stays for children under 12 and reduced return shared seaplane transfers.

Whether reconnecting as a family, escaping as a couple or sharing meaningful moments with friends, summer at Soneva promises an unforgettable journey shaped by nature, guided by wonder and crafted with care.
